DETAILED ACTION

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

Page 1, line 1, insert --This application is a divisional 09/563,881 filed May 3, 2000 now U.S. Patent 6,635,206.--

2. The following is an examiner's statement of reasons for allowance:

The invention relates to corn zein resin article formed by the process of mixing corn zein with a fatty acid to obtain a wet corn zein resin; cold rolling the wet corn zein resin into a sheet; drying the zein resin sheet; comminuting the sheet to form particles or dried zein resin and the molding the dried corn zein resin under heat and pressure to form an article.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Nakatsuka et al. teach making an edible thermoplastic resin but the thermoplastic resin does not include the steps of cold rolling the wet corn zein resin into a sheet; drying the zein resin sheet; comminuting the sheet to form particles or dried zein resin and the molding the dried corn zein resin under heat and pressure to form an article.
